FOR IMMEDIATE RELEASE

Homecrest's New Eden Collection Shows Fresh Style

WADENA, MN—June 1, 2018—Homecrest Outdoor Living will premier their new patio furniture collection, Eden, in their 1518 booth at NeoCon, June 11-13. Eden's slatted, teak-inspired top gives a rustic look that's all new to Homecrest.

The company's commercial sales manager, Nathan Peterson, says, "Homecrest has a rich tradition of innovations and 'industry firsts'." The warm color pallet and pastoral appearance of Eden makes for an innovative direction for the Homecrest brand.

The new patio furniture set comes in café, balcony, and bar heights styles. Homecrest Outdoor Living celebrates their 65th anniversary this year.
