Humanscale Debuts its Most Accessible Sit/Stand Workstation Yet **New QuickStand Eco Works Straight Out of the Box for Efficient Performance**

(June 12, 2017 – Chicago, IL) Today, the height-adjustable workstation is a new office staple. As the leading designer and manufacturer of ergonomic tools for the workplace, Humanscale recognizes the growing need for workstations that respond to different work styles and environments and is proud to introduce QuickStand Eco. As a new addition to the popular QuickStand family of products, QuickStand Eco combines sleek user-friendly design with expert engineering. Starting at an affordable price point, it's Humanscale's most accessible sit/stand solution yet and promises to bring even more activity into workplaces everywhere.

For first time sit/stand users or those who need a flexible workstation that can sit on any nearly any desktop, QuickStand Eco is an ideal choice. This height-adjustable work surface arrives ready to use – simply remove from the box, place onto the desired desktop and go. Each of Humanscale's QuickStands provide smooth, instant transitions between positions without interrupting workflow. QuickStand Eco features a self-locking mechanism that provides ultimate stability and functionality, so users can move frequently throughout the day with ease.

Built with Red List-free materials and fewer parts for a smaller environmental footprint, QuickStand Eco is both affordable and eco-friendly. QuickStand Eco is designed to accommodate a variety of heights and can support single or dual monitors up to 35 lbs in weight. This consumer-friendly option makes it easier than ever to integrate movement into the day for a healthier, more comfortable work experience.
