

## MARSHMALLOW

Created by German Designer Martin Ballendat, **Marshmallow** has been on a high since its release earlier this year, winning awards for *Best of BDwest* and the *IIDA/HD Product Design Competition*. As NeoCon beckons, the chair shows no signs of slowing down as it secures its place as a popular addition to our TONON collection.

Martin Ballendat is known for his ability to combine fluid curves with clean angles, and this piece is no exception. Molded ergonomically, the “Soft Touch” polyurethane foam shell offers an extremely soft yet supportive cradle, whilst it maintains durability for years of commercial use.

As well as being extremely resistant and waterproof, the Soft Touch material is crucially non-toxic and 100% hygienic. The strength and comfort of its design underpins this side chair, while the expertise of our Italian artisans bring it to life. Marshmallow comes with four legs or sled base, in polished or painted steel, or in sustainably sourced solid oak and black walnut legs to juxtapose the soft curvature of the seat. It is additionally available in 14 standard or custom colors, subject to minimum quantities.

MARSHMALLOW 919.01- 32.3” (h) x 22.8” (w) x 23.6” (d)
