

## NASSAU 1.1

The award-winning Nassau collection received a warm welcome at NeoCon 2016 and it now prepares for NeoCon 2017 with its new upholstered model.

Designed by Marc Sadler, the popular stacking chairs deliver European style with character and elegance. While Nassau's original model allows for versatility in a range of indoor and outdoor environments, **Nassau 1.1** brings further comfort to indoor settings, without compromising on the collection's innovative design. Nassau's distinctive air-molded polypropylene chair is paired with an upholstered fabric front for a classic and ergonomic style. The upholstered inner seat and back of the chair can be customized in a variety of graded-in fabrics and leathers, including Customer's Own Material.

Nassau's practicality is enhanced by the durable nature of polypropylene and its ability to stack 5 high for simple handling and storage.

The chair comes in 10 standard colors, including bright, neutral and saturated shades and can be ordered in multiples of 5, per color.

Nassau 1.1: Polypropylene chair with padded seat and inner back. Release Date: May 2017  
32.3" (h) x 17.3" (w) x 23.2" (d)
