

New Desktop Power Solutions from Mockett

PCS94 - No need to cut, drill, or mount!

New PCS94 Tabletop Power Monument from Mockett is a freestanding power dock with weighted base and grip pad underneath that goes anywhere power access is needed. All the elegance of an in-desk power grommet with the added convenience and mobility of a portable charger. Great for work desks and home offices, or pop-up and temporary work spaces. Plug and play usability, easy to adjust and relocate.

Available in three sizes/configurations in Black, White, and Metallic Silver.

Visit www.mockett.com for more information and view our collection of hundreds of power and data grommets and wire management solutions.
