### **New Marathon Seating Collection** *Designed to go the Distance*

**Ontario, Canada** - Stance Healthcare announced today the release of a new metal seating collection for the healthcare industry. Marathon provides a highly durable construction afforded by most project budgets.

Designed for endurance and durability, the Marathon Seating Collection features a fully-welded 14-gauge steel frame, molded foam and a solid nylon arm that is virtually indestructible. Marathon has been engineered to endure high levels of use over an extended period of time.

“We saw an opportunity in the industry to create a highly durable seating collection that meets the demands of the healthcare environment, and also those projects with a smaller furniture budget,” says President, Carl Kennedy. “Finding this balance required a lot of research and development from our engineering team and feedback from individuals in the field. I promise this collection will not disappoint.”

The Marathon Seating Collection offers a wide assortment of seating configurations including three seat widths as well as two-seat and three-seat configurations. An array of features and options are also available for this collection including:

- Arm designed to assist with ingress and egress
- Wall-saver frame
- Clean out space between seat and back
- Choice of 6 frame colors and 3 arm colors
- Coordinating tables available with solid surface tops

To see the Marathon Seating Collection, visit [stancehealthcare.com](http://stancehealthcare.com) or visit our enhanced show space (booth 7-4050) at NeoCon 2018 from June 11 - 13 at The Mart in Chicago. For show information visit [www.neocon.com](http://www.neocon.com).

#### **About Stance Healthcare**

Founded in 2006, Stance Healthcare manufactures furniture for healing environments, with a particular focus on hospitals and behavioral health facilities. Stance Healthcare has a reputation for providing high quality products that meet the ever-evolving demands in the areas of design, comfort, safety, durability, renewability, infection control and environmental sustainability. With a strong understanding of patient-centered design, Stance Healthcare is committed to providing innovative furniture solutions that support the healing process.
