

# SECTIS DESIGN

*where art & design meet*™

Sectis Design will present at the 50<sup>th</sup> annual NeoCon show, the world's leading event for commercial design, June 11-13 at The Mart in Chicago. Come visit Sectis at Booth 7-1040.

## **About NeoCon®**

Since its launch in 1969, NeoCon has launched a number of iconic brands and products in the commercial design world, and has evolved into an international networking hub for more than 50,000 design professionals.

At this year's NeoCon, Sectis Design will feature its line of Sectis Walls: custom-made exterior and interior wall space solutions ideal for hospitality, office, retail and residential spaces. The line blends on-trend design with functionality, delivering effective and chic wall-space solutions. Sectis Design's bespoke service, will either customize one of its pre-designed concepts, or, you can brief us on what you seek and dream about, and our experienced team will design and build it for you.

## **About Sectis Design - "Where Art & Design meet"**

Sectis is a Miami-based design shop and manufacturing facility, where a hands-on multidisciplinary team oversees projects from design to completion, under one roof. Sectis works directly with interior designers, architects, museums, galleries, as well as individual end-consumers. The product line includes large and small format art wall décor and space dividers, built from the finest acrylics, woods, plastics, metals, and veneers. Its products are found across a vast array of settings, including hotels, museums, galleries, businesses, and in private homes. Learn more at:
