FOR IMMEDIATE RELEASE

Switchfast Technologies Named One of Chicago's Best and Brightest Companies to Work For
Recognition for the Managed Services Provider the Latest in a Succession of Awards

Chicago, IL: Switchfast Technologies, the small business IT consulting and managed services provider, has announced that it has been named one of Chicago's Best and Brightest Companies to Work For® in 2017.

The goal of Best and Brightest is to create a community of places people want to work in an effort to better businesses, enrich lives and build stronger communities. The Chicago's Best and Brightest Companies to Work For® award identifies and recognizes organizations that showcase a commitment to excellence in their human resource practices and employee enrichment.

Switchfast was assessed on a variety of categories that contribute to a great working environment, including communication, work-life balance, employee education, diversity, recognition, and retention. The assessment was a result of honest feedback shared by employees.

Of the recognition, Switchfast HR & Recruiting Manager Victor Kelly said, "I'm excited for this because it comes directly from the staff. It's a reflection of this band of people we have who are dedicated, who are selfless and who work so hard to pursue the best for our clients and each other."

The Best and Brightest win is the latest of a flurry of awards and recognition for Switchfast, including being named Channele2e's #1 MSP for Nonprofits WorldWide, making CIO Review's Top 20 Most Promising IT Services Companies 2017 and earning a spot on CRN's 2017 Top 500 Managed Service Providers.

About Switchfast Technologies

Switchfast Technologies is an IT consulting and managed services provider that has been serving the Chicagoland area since 2001. Switchfast helps small businesses and nonprofits with everything from remote and onsite support to cybersecurity and cloud migrations. With a focus on delivering the best experience possible, Switchfast maintains the highest client satisfaction levels in the industry.

From June 12-14, Switchfast will be exhibiting at Neocon at **booth #7-2134**.
