

2020 Inspiration Awards for Office Designers Winners Announced

2020 is pleased to announce the winners of the 2020 Inspiration Awards for office designers for 2017. The contest was created for designers who use 2020 Visual Impression to show off their most inspiring designs. Fully integrated with the 2020 Office applications, 2020 Visual Impression allows designers to create visualizations using actual fabrics and finishes from the widest selection of manufacturer catalogs available providing clients with a realistic view of their new space.

Designers could submit their entry into one of five categories – Smart Spaces, Wellness in Design, Collaborative Designs, Flexible Plans, and Groupe Lacasse. There were many great submissions that are sure to inspire. Finalists were selected by peer voting and an expert panel of judges selected the final winners. The winning designs will be showcased at the 2020 booth, #7-5122, at NeoCon, June 12-14, in Chicago. Congratulations to all the winners!

The winners of the 2020 Inspiration Awards for Office Designers for 2017 are:

Groupe Lacasse - Peter Toews of Gray Office Furnishings

Smart Spaces - Sabrina Silva of SKG

Wellness in Design – Lycynda Slattery of Creative Office Pavilion

Collaborative Designs - Elizabeth Favreau of W.B. Mason Co., Inc.

Flexible Plans – Kara Treen of National Office

“We received so many outstanding design submissions,” stated Cindy Maple, Product Manager, Office Applications, 2020. “It is great to see our customers leveraging 2020 Visual Impression to provide their customers a realistic rendering of their space.”

“2020 Visual Impression, in a nutshell, was the key software that helped us win this \$1.5+ million dollar list project! The realistic rendering allowed our end-user to visualize the potential for their new space and helped them to better understand the furnishings that we were proposing,” stated Elizabeth Favreau, W.B. Mason Co., Inc.
