

Via Seating – Reimaging Collaborative and Common Space Environments

By Whitney Grimes – Director of Marketing
December 2, 2016

Sparks, NV – Legola

Via Seating is proud to announce its launch of [Legola](#) – a unique, modular, flexible product that easily transforms into multiple configurations taking unproductive spaces and reconstructing into genuine places for meeting, sharing, and quiet productive work environments.

Legola is 100% modular with unlimited application possibilities – easily adapting to common areas, lounges and offices. This instrumental product enables design studios to personalize their projects, making them unique with a touch of class and modernity. Legola components, fully patented, have acoustic sound suppression – making open areas a little more private while still allowing for collaboration.

Legola can match your needs for almost any space being reconfigured over and over again, with its wide range of fabrics and accessories (desks, shelves, tables, etc) - the personalized touches are endless.

[via seating's continued commitment to sustainability](#) and reducing their footprint is furthered with the addition of Legola. Legola products have undergone rigorous and independent test procedures to achieve the VOC certification. In addition, Legola has also been independently tested and complies with the most rigorous standards ANSI/BIFMA M7.1-2011. These products help to achieve accreditations for “indoor environment quality” within the LEED evaluation protocol (Leadership in Energy and Environment Design).

Via Seating is committed to excellence and meeting the needs of the ever changing, flexible and comfortable work, collaboration and lounge environments. via seating has been in business for close to 30 years and has always specialized in high quality, comfortable, ergonomic seating products – its addition of modular, lounge, workstations is something that's extremely exciting for the company as it heads a whole new direction.

The simplicity of the LEGOLA design - its clean lines and innovative flexibility, gives personality and refinement to this furnishing system.

About Via Seating
