ULTIMATE OFFICES

In our extended coverage of creative spaces that work, we bring you eye-catching offices, like Raw Design's digital hub in Kitchener, Ontario; and the massive, vibrant Unilever headquarters (left) in Hamburg, Germany, by Behnisch Architekten. For more knockout office interiors, flip to page 56.

FROM OUR INBOX

Every week, we bring you all that's notable in the product world. Upcoming is Hobo Lantern, a bag-cum-light from Vancouver's Molo, inspired by the bustling nightlife of Milan's design week in April.
