### New products at the NeoCon 2011

NeoCon returns from 13 to 15 June to the Merchandise Mart of Chicago with a huge variety of products for the contract industry, plus a wide-ranging programme of seminars and conferences. NeoCon is the largest event in the design sector and the management of the built space in North America, three days filled with pure energy, new ideas, resources and networking opportunities.

On offer this year are 140 seminars, forums of industry associations and presentations, providing the professionals from the sector with the opportunity to discover the latest trends and techniques in the principal industry names such as Henrik Fisker, of Frisker Automotive, the actor and environmental activist Ed Begley; the film and television director Amy Wells; the editor-in-chief of Architectural Digest, Margaret Russell; and the President of Global Green USA, Matt Peterson.

More than 40,000 industry professionals from all over the world will have the opportunity of enjoying thousands of new products from more than 700 of the best worldwide furniture manufacturers for the office, residential and healthcare environments and the design sector. Products that encompass a broad range of categories, including: architecture and art products and accessories, products from the construction and services sector, fabrics, carpeting, furniture, kitchen and bathroom, lighting, garden furniture, stone and tiles, sustainably designed products, technology, textiles and wall cladding.

Furniture Revolution Gallery will return to Neocon for the second year running to find the next great designer of America. Gallery offers design students and young designers the opportunity to highlight their product before the best manufacturers in the world.
