RT London emphasizes reconfigurable creativity for end users at NeoCon

Grand Rapids, Mich.— RT London announced today, they will be unveiling an exciting line-up of lounge seating including Little Lotus and Doozie Brick and Block. Their booth will also feature “Best of NeoCon” Silver award-winner, Evolve Room Solutions with the addition of full-size Lotus lounge. This playful collection of Evolve, Lotus, Little Lotus and Doozie allows the end user to become the designer of their own space through reconfigurable components and enhanced mobility. The products shown will enrich universities, K-12 education, lobbies and informal collaborative spaces, whether it be for individual or group settings. RT London can be found on the **7th floor, booth #8030** during the show. For more product information, visit www.rtlondon.com.

About RT London

RT London was established in 1989. It began by helping a local college satisfy a need for durable and quality student housing furniture. From there, the business expanded. Today RT London manufactures a broad range of solutions in Grand Rapids, MI and Lacey, WA. The company also provides products for other markets beyond Education, including GSA, Contract, Human Services and Lodging.

RT London proudly manufactures all its products in the United States. The company offers a 25-year warranty on most products, custom capabilities, design services and exceptional customer service. For more information, visit rtlondon.com.
