

FOR IMMEDIATE RELEASE

LIZ STACKABLE CHAIR

MALU LOUNGE CHAIR

NINA ARMCHAIR

June 3, 2019

Sossego will appear in three spaces at NeoCon 2019 and unveil exciting new designs. A first-floor center pass-through features “*Dias Chuvosos: A Rainy Afternoon on the Veranda*,” an installation by Brazilian designer Guilherme Wentz which explores disconnection from the modern world to discover *sossego* (that’s Portuguese for “a warm tranquility.”)

The Brazilian Relaxation Lounge is directly across from the showroom at Suite 1445. Open daily, Brazilian treats and *cafezinho* will be served and guests are invited to rest in the Pitu Chaise Lounge Chairs or rock in a Gisele Balanço. Designers Aristeu Pires and Guilherme Wentz will be on site Monday for photo op, interview, and conversation.

The Sossego [so-SAY-go] showroom, open year-round in Suite 1445, will showcase new designs: The Liz Stackable Chair, a solid wood design that stacks up to eight; the Malu Lounge Chair, with fully upholstered seat and back; and the Nina Armchair, a guest or dining seat with a most comfortable back, suggestive of a hammock’s hug; all by Aristeu Pires.

Join the movement that is modern Brazilian design and visit us to relax and disconnect: the new luxury.

About Sossego: Sossego is a distributor of award-winning Brazilian designers Aristeu Pires, Domingos Tótora, and Guilherme Wentz. Sossego introduces the concept of the Brazilian way, or *Brasildade*, to North America. That is a welcoming, warm, and relaxed lifestyle that focuses on intentional relationships at work, home, and play.
