Trapez

JANUS et Cie introduces Trapez, the newest addition to its growing assortment of site furniture, pieces perfect for outdoor, public spaces and parks. Named for its trapezoidal elements, the collection's bold geometry reads industrial and modern. The signature shape appears as the base for an umbrella as well as a bench, which can be specified in a variety of configurations.

The fun of the collection lies in the base, which is made from durable JANUSstone, a proprietary material made of glass fiber reinforced cement. The bench's base can be placed inverted or upright to create a smaller (or larger) footprint, as well as a variation in look. The bench, which has aluminum slats, can float on its own or be grouped together for endless seating. The umbrella's base fits in seamlessly. Trapez is a sturdy, creative option for any outdoor installation.

Trapez collection includes:

- Bench 175
- Inverted Bench 175
- Umbrella Base

Trapez finishes:

- Urban Gray/Silver
- Slate/Slate
- Pure White/White
- Mercury/Honed Travertine

JANUS et Cie®

craftsmanship and unparalleled service. In the years since the company's founding in 1978, founder and CEO Janice Feldman and her exceptional team have transformed JANUS et Cie from a single showroom in the Los Angeles Pacific Design Center to a comprehensive global design resource with 19 flagship showrooms throughout North America, Singapore, Sydney and Milan, as well as field offices and select dealers throughout the world.

The company's namesake—the Roman god JANUS, whose two faces look both forward and back—is the foundation of a unified mission rooted in tradition, heritage and craft, yet equally dedicated to innovative materials and progressive engineering. This inspired long-term view is realized through the lens of a unique corporate culture that encourages curiosity, creativity and collaboration in the pursuit of excellence.

JANUS et Cie offers a diverse catalog of over 6,000 pieces—each design remarkably distinguished in concept and form—and in addition to furniture, includes a growing commitment to decorative accessories and performance textiles. Acclaimed by the most discriminating designers, architects and juried competitions, this powerful body of work has inspired for decades a demand for beautifully imagined furnishings to be used both indoors and out, and has influenced an entire industry in the process.

The best furniture to sun in, dine on, or simply look at...indoors or out.®
